Subject: Apply for Web developer

Dear Sir/Madam,

I've been get an information from Facebook, I would like to apply for the position of a Web developer part-time work for your company.

Presently I am a student at National University of Management (NUM). My major is Information Technology (IT) and specialist on Software engineer at Year 4. During Studying time I am very active student and friendly to other student.

For my experience, At school I have successfully completed my 3 month training as web developer with teacher During my training, I was build a project about looking job at national university of management, I as it NUM JOBS.

At Company, I have experience with customize real Project POS System for new requirement from customer. Develop new project API. Support customer and fix error.

Obviously, I really want to directly express my high motivation to do this work and Therefore, I'm definitely looking forward to convince you that can make passing you're Seeing.

Addition to my experiences, I am an enthusiastic and friendly person and enjoy working with people. Moreover I have good communication skill, high honesty, willing to work under pressure, ability to build relationships with all levels, and high responsibilities. I expect all my experiences were chosen to work with your company, and I can be contacted any time by 0968162264, 011314018(telegram) or by email: chhairachhit@gmail.com or by <https://solo.to/rachhit> (all contact in this one) I look forward to having test or interview with you soon. I hope you will give me an opportunity to express my ability and experience to you.

Yours faithfully,

CHHAI RACHHIT
